Section 8 **Wedding Policy**

Because God has ordained marriage and defined it as the covenant relationship between a man, a woman, and Himself, Dawson Street Baptist Church considers the wedding ceremony of a biblical marriage to be an act of worship before God.

Furthermore, Dawson Street Baptist Church will only recognize marriages between a biological man and a biological woman. Further, the pastor or other ministerial staff of Dawson Street Baptist Church shall only participate in weddings and solemnize marriages between one man and one woman. Finally, the facilities and property of Dawson Street Baptist Church shall only host weddings between one man and one woman, and be subject to the Facility Use Policy as stated below.

Section 9 **Facility Use Policy**

Purpose – The church’s facilities were provided through God’s benevolence and by the sacrificial generosity of church members. The church desires that its facilities be used for the fellowship of the Body of Christ and to bring God glory. Although the facilities are not generally open to the public, we make our facilities available to approved non-members as a witness to our faith, in a spirit of Christian charity, and as a means of demonstrating the Gospel of Jesus Christ in practice.

But facility use will not be permitted to persons or groups holding, advancing, or advocating beliefs or practices that conflict with the church’s faith or moral teachings, which are summarized in, among other places, the church’s constitution and bylaws. Nor may church facilities be used for activities that contradict, or are deemed inconsistent with the church’s faith or moral teachings. The pastor, in conjunction with the building and grounds committee, is the final decision maker concerning use of church facilities.

This restricted facility use policy is necessary for two important reasons. First, the church may not in good conscience materially cooperate in activities or beliefs that are contrary to its faith. Allowing its facilities to be used for purposes that contradict the church’s beliefs would be material cooperation with that activity, and would be a grave violation of the church’s faith and religious practice.

Second, it is very important that the church present a consistent message to the community, and that the church staff and members conscientiously maintain that message as part of their witness to the Gospel of Jesus Christ. Allowing facilities to be used by groups or persons who express beliefs or engage in practices contrary to the church’s faith would have a severe, negative impact on the message that the church strives to promote. It could also cause confusion and scandal to church members and community because they may reasonably perceive that by allowing use of our facilities, the church agrees with the beliefs or practices of the persons or groups using its facilities.

Therefore, in no even shall persons or groups who hold, advance, or advocate beliefs, or advance, advocate, or engage in practices that contradict the church’s faith use any church facility. Nor may church facilities be used in any way that contradicts the church’s faith. This policy applies to all church facilities, regardless of whether the facilities are connected to the church’s sanctuary, because the church sees all of its property as holy and set apart to worship God.

Approved Users and Priority of Use – The pastor, in conjunction with the building and grounds committee, must approve all uses of church facilities. Generally, priority shall be given to church members, their immediate families, and organized groups that are part of the ministry, organization, or sponsored activities of the church. Church facilities and equipment will be made available to non-members or outside groups meeting the following qualifications:

- Groups or persons requesting facility use must affirm that their beliefs and practices and planned uses of the facilities are consistent with the church's faith and practice.
- The group or person seeking facility use must submit a signed "Church Facility Reservation Request and Agreement" form.
- The group or person seeking facility use must be willing to take responsibility for the facilities and equipment used and must agree to abide by the church's rules of conduct for facility use, as stated in the "Facility Use Guidelines," and as described in any additional instructions by church staff.
